Where our Lord is King, & we are soldiers for animal welfare

Dear TPC Members ,

Thank you for being apart of what has been happening with TPC this month.

I would like to extend a **Special Thank you** to Linday Wallace and Kurt for playing the Easter Bunny for pictures this year.

Laurie and Shannon have also been a great addition to our team. Your time and efforts have been a blessing at PetsMart!!

Barbara Turk has been a great help with caring for **ALL** the cats at PetsMart "every" Monday, and I would like to acknowledge her for all her hard work.

Attention: Adoption Staff

TPC adoptions come with a ShelterCare 30 Day Gift of Insurance. New Pet Parents will need to confirm their coverage **online (must have an e-mail to receive this benefit)**. When they get home with their pet, please ask them to check their email inbox for a confirmation email from [ShelterCare.com](#). There will be a link in the email that they will need to click onto **confirm** coverage and download the insurance documents. If they do not received an email from ShelterCare within 48 hours they may need to check their junk email box and add info@sheltercare.com to their email safe sender list. The insurance documents will explain in detail what the ShelterCare 30 Day Gift of Insurance will cover, along with a claim form that they can use to submit for reimbursement. Please advise them to read these documents carefully and keep them for future reference.

Last but not least....

Everyone wants to prevent dog attacks, but passing laws against certain "dangerous breeds" doesn't work. Effective laws address dangerous *behavior* not dangerous breeds. Laws must be breed-neutral and identify dangerous dogs based solely on their actions.
